

Conservation Camp

When: June 22-25, 2010
Where: Trail's End Youth Camp,
Rusk County, Bruce, WI;
Who: Wisconsin Students completing grade
8—10 who are interested in the
environment and outdoor skills
Cost: \$100 per student—Camp Scholarships
are available - see information below

Conservation Camp's goal is to broaden the experiences of youth who may be interested in a career in conservation and others who just want to learn more about our environment. Land & Water Conservation professionals teach most of our program and also serve as counselors and role models.

Students attending the camp will learn about the water cycle, energy conservation, ecosystems, wildlife management, aquatic habitats, erosion, orienteering, pollution and more. Conservation camp also offers a unique opportunity to make new friends from around the state and participate in activities such as hiking, swimming, and canoeing.

Trail's End Youth Camp is located on the banks of the Chippewa River in Bruce, WI and is well suited for environmental learning.

Scholarship Information

Barron County Soil & Water Conservation Department is sponsoring 2 WLWCA camp scholarships for Barron County's youth going into grades 9—11. The \$100 scholarships include registration, meals and lodging for four days. Applications to attend Conservation Camp are available at your school or the Barron County Soil & Water Conservation Department. Deadline for Application is April 27, 2005.

For more information on how to register for camp or scholarship availability contact Dale Hanson, Barron County Soil & Water Conservation Department at (715)537-6315.

Sponsored by the Wisconsin Land & Water Conservation Association and the Wisconsin Association of Land Conservation Employees
